FORMAT In-person + workshops + site visits
LANGUAGE English · Arabic · Kurdish
CONTACT contact@heritagehackathon.com

Photogrammetry

Capture, process, and reconstruct heritage objects and sites using photogrammetry and 3D modeling.

Documentation

Photography, videography, and research booklets — telling the stories behind the heritage.

Software

Build the digital product — web, app, or game — that makes the team's work shine and accessible.

WHY PARTICIPATE?

- Win **high-value prizes** (1st, 2nd, 3rd place) 🏆
- Your project may be **adopted by partners** with real investment
- International coverage & opportunities
- Networking in the heritage digitalization field
- Swag, gifts & certificate for all participants

FAQ
